## RESCUE OR RECOVERY?

### Tactical Priorities:

- |                           |                      |                                  |
|---------------------------|----------------------|----------------------------------|
| 1. Establish Joint ICP    | 5. Hasty Search Team | 9. Downstream Safety             |
| 2. Announce Staging Area  | 6. Close Search Box  | 10. Upstream Spotter             |
| 3. Identify Search Box    | 7. River Right Team  | 11. View Area Maps               |
| 4. Brief <u>ALL</u> Units | 8. River Left Team   | 12. Prepare for Secondary Search |

### Safety Considerations:

Within 10' of water must wear PFD, NO Fire Gear

PAR at all times / 10 minute PAR Checks, NO searching alone

Night Ops. Personnel should carry lights and light sticks

### Rescue Objectives:

REACH: Long Tool, Ladder, Inflatable Hose, Oar,

THROW: Throw bags, Rope, PFD's, Rescue Can / Tube / Ring, Helo Float

ROW: Rescue Boat, Water Craft, Tethered Raft

GO: Rescue Swimmer, 2 - Point River Board, Tension Diagonal, Divers

HELO: Land and pickup, Short Haul, Hoist, Short Haul w/ Rescuer

Use Backside for sketch and areas of probability (AOP) for Secondary Search
